I DEDICATE

AFFECTIONATELY

THESE MY FIRST FRUITS OF HIS TEACHING

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that proper record-keeping is essential for ensuring transparency and accountability in financial operations.

2. The second part of the document outlines the various methods and techniques used to collect and analyze data. It highlights the need for consistent and reliable data collection processes to support informed decision-making.

3. The third part of the document focuses on the analysis and interpretation of the collected data. It discusses the various statistical and analytical tools used to identify trends, patterns, and anomalies in the data.

4. The fourth part of the document discusses the importance of communication and reporting in the context of data analysis. It emphasizes the need for clear and concise communication of findings to stakeholders and the importance of regular reporting.

5. The fifth part of the document discusses the challenges and limitations of data analysis. It highlights the need for careful consideration of the limitations of the data and the potential for bias or error in the analysis.

6. The sixth part of the document discusses the future of data analysis and the role of emerging technologies. It highlights the potential of artificial intelligence and machine learning to revolutionize data analysis and provide more accurate and insightful results.

7. The seventh part of the document discusses the importance of ethical considerations in data analysis. It emphasizes the need for transparency, accountability, and respect for privacy in the collection and use of data.

8. The eighth part of the document discusses the importance of ongoing education and training in data analysis. It highlights the need for professionals in the field to stay up-to-date on the latest developments and techniques in the field.

9. The ninth part of the document discusses the importance of collaboration and teamwork in data analysis. It emphasizes the need for professionals to work together and share knowledge and expertise to achieve the best results.

10. The tenth part of the document discusses the importance of continuous improvement in data analysis. It emphasizes the need for professionals to regularly evaluate and refine their processes and techniques to ensure the highest quality of results.

## PREFACE

---

THE aim of this book is *constructive*. And its errors will be mainly on that side.

It is the result of the scanty leisure of several years of busy ministerial work, and therefore perhaps deserves the mercy of the critics.

Part of the original matter in these pages has already appeared in recent articles in Dr. Bernhard Stade's *Zeitschrift für Alt-Testamentliche Wissenschaft*.

I desire to express my indebtedness to the Hibbert Trustees for generous assistance in the publication of the book, and to the Rev. Canon CHEYNE, D.D., for kind suggestions.

BELFAST, *May* 1892.
