PAYMENT OF SALARIES AND COMPENSATION.

[1914. Department Circular No. 35.]

TREASURY DEPARTMENT,
OFFICE OF COMPTROLLER OF THE TREASURY,
Washington, August 18, 1914.

The following information is given for computing annual or monthly compensation for services rendered the United States.

The act of Congress approved June 30, 1906 (34 Stat., 763), provides as follows:

Sec. 6. Hereafter, where the compensation of any person in the service of the United States is annual or monthly, the following rules for division of time and computation of pay for services rendered are hereby established:

Annual compensation shall be divided into twelve equal installments, one of which shall be the pay for each calendar month; and in making payments for a fractional part of a month one-thirtieth of one of such installments, or of a monthly compensation, shall be the daily rate of pay. For the purpose of computing such compensation and for computing time for services rendered during a fractional part of a month in connection with annual or monthly compensation, each and every month shall be held to consist of thirty days, without regard to the actual number of days in any calendar month, thus excluding the thirty-first of any calendar month from the computation and treating February as if it actually had thirty days. Any person entering the service of the United States during a thirty-one day month and serving until the end thereof shall be entitled to pay for that month from the date of entry to the thirtieth day of said month, both days inclusive; and any person entering said service during the month of February and serving until the end thereof shall be entitled to one month's pay, less as many thirtieths thereof as there were days elapsed prior to date of entry: *Provided*, That for one day's unauthorized absence on the thirty-first day of any calendar month one day's pay shall be forfeited.

This act is construed as requiring that—

1. Each calendar month shall consist of 30 days, and the computation of salary shall be by each month separately, one-twelfth of an annual salary constituting the compensation for each month.
2. One-thirtieth of a monthly installment of salary is to be allowed for each day of service from the 1st to the 30th, inclusive. The last day of February counts as three days of service for pay purposes (two days in leap years).
3. The 31st day of a month enters into the computation of salary only where there is *one day's* absence in a nonpay status on that day—that is, absence in a nonpay status did not occur also on the 30th. For such absence on the 31st one day's pay is forfeited.
