TABULAR PRESENTATIONS.

COMPARATIVE PRODUCT: BY ESTABLISHMENTS. 1886, 1887, 1888,	1-44
--	------

[A presentation which shows, for 3,517 establishments, arranged numerically, the value of goods made for the years 1886, 1887, and 1888, and exhibiting the value of product for each establishment making a return, with a recapitulation showing increase, decrease, no change, or no return of value of product for the years 1886, 1887, and 1888, by establishments; together with a recapitulation showing increase, decrease, and percentages for 952 establishments making a return of product for each of the three years specified.]

Recapitulation by industries. Establishments,	38-41
Recapitulation by industries. Increase and decrease,	40-43

iv STATISTICS OF MANUFACTURES. [Pub. Doc.]

PRIVATE FIRMS AND CORPORATIONS; PARTNERS AND STOCK- HOLDERS: BY INDUSTRIES. 1887, 1888,	Page 45-50
--	---------------

[A presentation which shows, for each of the 41 industries considered, the number of establishments, the number of private firms and corporations, the number of partners and stockholders, with specification of sex, and aggregates of partners and stockholders, with totals for all industries, for the years 1887 and 1888.]

For the year 1887,	46, 47
For the year 1888,	48, 49

GENERAL STATISTICS OF MANUFACTURES: BY INDUSTRIES. 1887, 1888,	51-58
---	-------

[A presentation which shows, for each of the 41 industries considered, the number of establishments, the amount of capital invested, the value of stock used, the value of goods made, the average number of persons employed during the year, the smallest number of persons employed during the year, the greatest number of persons employed during the year, the total wages paid during the year, and the average yearly earnings, for 1887 and 1888, with totals for all industries; together with comparisons of capital invested and of stock used, noting the increase or decrease in 1888 as compared with 1887, with percentages.]

Number of establishments considered, 1887,	52
Amount of capital invested, 1887,	52
Value of stock used, 1887,	52
Value of goods made, 1887,	53
Average number of persons employed, 1887,	53
Smallest number of persons employed, 1887,	53
Greatest number of persons employed, 1887,	53
Total wages paid during the year 1887,	53
Average yearly earnings, 1887,	53
Number of establishments considered, 1888,	54
Amount of capital invested, 1888,	54
Value of stock used, 1888,	54
Value of goods made, 1888,	55
Average number of persons employed, 1888,	55
Smallest number of persons employed, 1888,	55
Greatest number of persons employed, 1888,	55
Total wages paid during the year 1888,	55
Average yearly earnings, 1888,	55
Comparison. Capital invested. 1887, 1888,	56
Comparison. Stock used. 1887, 1888,	57

SMALLEST AND GREATEST NUMBER OF PERSONS EMPLOYED: BY INDUSTRIES. 1887, 1888,	59-64
---	-------

[A presentation which shows, for each of the 41 industries considered, the number of establishments, the number of persons employed at periods of employment of the smallest and of the greatest number, the excess of greatest over smallest number, with totals for all industries, for the years 1887 and 1888; together with a presentation of averages for these two years showing the average number of persons employed in each establishment, the average smallest number of persons employed, the average greatest number of persons employed, the average excess of greatest over smallest number, and averages for all industries.]

Aggregate number of persons employed, 1887,	60
Aggregate number of persons employed, 1888,	61
Average number of persons employed, 1887,	62
Average number of persons employed, 1888,	63

PROPORTION OF BUSINESS DONE: BY INDUSTRIES. 1887, 1888, .

Page
65-96

[A presentation which shows, for each of the 41 industries considered, the number of establishments, the proportion that business for the years 1887 and 1888 bore to the greatest capacity for production, the number of weeks in operation for the years 1887 and 1888, with recapitulations showing the average proportion of business done, the average weeks in operation, and combined recapitulations showing percentages by weeks, and weeks by percentages, with averages and totals for all industries.]

Percentages. 1887, 1888,	67-74
Agricultural Implements,	67
Arms and Ammunition,	67
Artisans' Tools,	67
Boots and Shoes,	67, 68
Boxes (Paper and Wooden),	68

Worsted Goods,	79
Recapitulation. Weeks in Operation. 1887, 1888,	80
Combined recapitulation. Percentages, and weeks in operation. 1887, 1888,	81

PROPORTION OF BUSINESS DONE: BY INDUSTRIES. 1887, 1888—Con.

Comparison for all industries. Percentages, and weeks in operation. 1887, 1888,	Page 82-88
Recapitulation. All Industries. Percentages. 1887, 1888,	87, 88
Comparison for all industries. Weeks in operation, and percentages. 1887, 1888,	89-95
Recapitulation. All Industries. Weeks in operation. 1887, 1888,	94
Recapitulation. All Industries. Weeks and percentages. 1887, 1888,	95

ANALYSIS.

COMPARATIVE PRODUCT: BY ESTABLISHMENTS,	99-110
Industries considered,	99, 100
Comparison. Value of goods made, with increase, decrease, and percentages. 1887, 1888,	100-102
Comparison of increase, decrease, and no change in value of goods made. 1887, 1888, and 1886, 1888; with amounts and percentages of increase or decrease in 1888 as compared with 1887: by industries,	102-106
Boots and Shoes,	102
Carpetings,	102
Carriages and Wagons,	102, 103
Clothing,	103
Cotton Goods,	103
Food Preparations,	103
Hosiery and Knit Goods,	103
Leather,	103, 104
Machines and Machinery,	104
Metals and Metallic Goods,	104
Mixed Textiles,	104
Paper and Paper Goods,	104
Rubber and Elastic Goods,	104, 105
Straw and Palm Leaf Goods,	105
Woollen Goods,	105
Worsted Goods,	105
All Industries,	105, 106
Industries showing a percentage of increase greater than that shown for all industries,	106
Industries showing a percentage of decrease in value of goods made,	106
Comparison. Classified value of goods made, with increase, decrease, and percentages. 1887, 1888,	106-108
Comparison. Classified value of goods made, with increase, decrease, and percentages. 1886, 1887,	108, 109
Comparison. Classified value of goods made, with increase, decrease, and percentages. 1886, 1888,	109, 110
Review of the various comparisons,	110

viii STATISTICS OF MANUFACTURES. [Pub. Doc.]

	Page
PRIVATE FIRMS AND CORPORATIONS; PARTNERS AND STOCK-HOLDERS: BY INDUSTRIES,	110-112
Comparison. Private firms and corporations, by size and years,	110, 111
Changes in establishments from the private to the corporate form,	111, 112
The corporation as an investment for women,	111
The private and corporate forms of industrial management contrasted,	112
GENERAL STATISTICS OF MANUFACTURES: BY INDUSTRIES,	112-119
Capital invested: by industries. 1887, 1888,	112, 113
Increase of capital not necessarily increase of personal investment,	113
Stock used: by industries. 1887, 1888,	113, 114
Average number of persons employed: by industries. 1887, 1888,	114, 115
Average yearly earnings: by industries. 1887, 1888,	115-119
Comparison of average yearly earnings, with increase, decrease, and percentages. 1887, 1888,	116-118
Industries exhibiting an increase of average yearly earnings in 1888,	117
Industries exhibiting a decrease of average yearly earnings in 1888,	118
Averages not indicative of the rate of wages,	118
Proportion of males and females employed in the different industries in 1885, with average yearly earnings in 1888,	119
SMALLEST AND GREATEST NUMBER OF PERSONS EMPLOYED:	
BY INDUSTRIES,	119-121
Comparison of different industries showing the range of non-employment,	120, 121
PROPORTION OF BUSINESS DONE: BY INDUSTRIES,	121-125
Comparison of average proportion of business done. 1887, 1888,	121, 123
Comparison of the number of weeks in operation. 1887, 1888,	123, 124
Review of the general results,	124, 125
SUMMARY,	125-147
The danger of drawing inferences relating to the rate of wages upon the basis of averages,	125
Table showing the average yearly earnings, the average, the smallest, and the greatest number of persons employed, respectively, the average proportion of business done, and the average number of weeks in operation. 1887, 1888,	126, 127
Industries showing an increase in the average number of weeks in operation and in the average proportion of business done,	128, 129
