PREFACE

Because of the great progress in work with boys and the demand for material relating to such work, as well as the author's interest in boys' work, this bibliography has been compiled.

Included within this work will be found nearly four hundred and fifty references from the bibliography of J. T. Bowne, published by the International Committee in 1906, making in all approximately fifteen hundred titles. One hundred and fifty of these are books, while the rest are magazine articles.

I have endeavored to include only those books and articles of real reference value to workers among boys. Among many periodicals the following have been indexed: *The Pedagogical Seminary*, 1891-1917; *Association Boys*—now *American Youth*, 1902-1917; *Association Outlook and Seminar*, 1897-1917; *Association Men*, 1906-1917; *How to Help Boys*—now *Work With Boys*, 1901-1917; *Religious Education Magazine*, 1906-1917; *Survey*, 1912-1917; National Education Association Reports, 1906-1917; *American Physical Education Review*, 1900-1917; *Rural Manhood*, 1910-1917.

In compiling this bibliography I am indebted to those who have given their valuable aid. To Professor Burr I extend my thanks for his many helpful suggestions and criticisms. Especially am I indebted beyond measure to Miss Carr and Mr. J. T. Bowne of the College Library for their most generous aid. Inquiries for further information may be addressed to Library Y. M. C. A. College, Springfield, Mass.

EDITORIAL NOTE

The original of this bibliography was submitted in June, 1918, for the degree of Bachelor of Humanics at the International Y. M. C. A. College, Springfield, Mass. Later, the compiler went overseas with the American Army, and in his absence the undersigned were rash enough to offer to see the book through the press. Valuable additions were made by International secretaries, E. M. and C. C. Robinson, F. H. Cheley, E. C. Foster, A. N. Cotton, and others.
