## CHAPTER I.

### A FEW GREAT FACTS.

We desire, in the beginning of the discussions to follow, to call attention to a few great facts, the first of which is, that this universe did not come into existence by accident, and is not governed by chance. God created all things, and placed the whole under law, and His supreme will reigns over all.

HE HAS A DEFINITE PROGRAM for the direction and control of all affairs upon this planet. He cannot be hurried, and He cannot be retarded or diverted from *His Program*. Nothing is done by chance in the administration of His Kingdom, but all things move with beautiful order and harmony, and the great events of history come to pass at their appointed time.
