PUBLISHERS' NOTE

FROM time to time the present publishers have brought out separate essays by Dr. Van Dyke, under such distinctive titles as "Ships and Havens" (1897), "The Poetry of the Psalms" (1900), and "Joy and Power" (1903). These little books, each done in special type and printed in black and red, have found many thousands of readers. But requests have been received for a single volume containing all this material, in order that it may be preserved in permanent library form, and we have therefore issued the present book. The little gift books containing single essays may still be had as formerly.
