INTRODUCTION

READER, in plodding by patient effort over the lines I have written, I must ask you to be as indulgent as possible in your criticisms, and remember that it is written by "only a Colonial." And if my hits are a bit straight, forget not that they might have been more numerous and harder, and yet far within the bounds of truth.

If what little I have written may help to lessen the number of wrecked reputations of statesmen and officers from the Mother Country on the rocks of South African political life and strife, then I shall feel that I have not lived for naught.

My story is plain history of facts that defies contradiction.
