BREAD STREET HILL.

## PREFACE.

HAVING been called upon several years since to give instruction in Physiology to a class of young people, the Questions contained in this little volume were prepared week by week as the subject was proceeded with, their purpose being to assist me in ascertaining if the sense was clearly understood. They have since been tested by frequent use, and are now offered to teachers in the hope that they may prove of similar service to them.

Through the courtesy of Professor Huxley, I was enabled at the earliest possible moment to adapt my Questions to the Second Edition

of his work, recently published, by making the necessary additions; and my best thanks are due to him for his kind consideration.

THOMAS ALCOCK.

OAKFIELD, ASHTON-ON-MERSEY,

November 6th, 1868.

## CONTENTS.

	PAGE
LESSON I.	
A GENERAL VIEW OF THE STRUCTURE AND FUNCTIONS OF THE HUMAN BODY . . . . .	1
LESSON II.	
THE VASCULAR SYSTEM AND THE CIRCULATION	6
LESSON III.	
THE BLOOD AND LYMPH . . . . .	11
LESSON IV.	
RESPIRATION . . . . .	16
LESSON V.	
THE SOURCES OF LOSS AND OF GAIN TO THE BLOOD . . . . .	22
LESSON VI.	
THE FUNCTION OF ALIMENTATION . . . . .	28
