THE SIGNS OF THE TIMES.

INTRODUCTORY.

HAVING been solicited by many patrons, who have witnessed our exhibition of paintings, to print the lectures on the subjects of our title-page, and, having carefully penned our researches on said subjects, we cordially hope that this little book may prove a source of good, and aid the students of history and prophecy to unravel some of the mysteries of godliness, and to pursue the path of knowledge, leading upwards to God, that by diligence and faithfulness in His most holy cause, they might know more of the things that will surely come to pass in the latter days. It is the earnest wish of the author that this little work may be the means of inducing the lukewarm to consider well their ways and be wise.

The times indicate rapid changes, and the mind, imbued with heavenly aspirations, cannot fail to read in holy writ, in the great pyramid and in the constellations of the heavens, the signs of the near approach of the King of kings and Lord of lords, to reign in power and great glory.

That the seed sown may bear precious fruit, and the lessons of history and prophecy contained herein leave their lasting impress, I subscribe myself the friend of the truth-loving everywhere.

ROBERT SMITH.
