Catalogue of Books

Printed by

(or ascribed to the Press of)

William Cayton!

In which is included the Press-mark of every Copy
contained in the Library of

The British Museum.

Compiled by

William Blades.

LONDON,
1865.

THE following pages are intended principally as a *Hand-List* to the Books in the *British Museum* printed by *William Caxton*. They will however, in addition, supply the general *Bibliographer* with a *Catalogue* of everything at present recognised as the production of *Caxton's Press*.

The *Title* of each *Work* is given in full, succeeded by the *Press-mark* of every *Copy*, or *fragment* of a *Copy*, contained in the various *Collections* of the *British Museum*. As, however, our *National Library* is deficient in several of the most rare specimens, the *Compiler* has, in such cases, stated where a *Copy* can be seen.

4 *Advertisement.*

For the Collation, Typographical Particulars, Literary History, Commercial Fluctuations, and Number of Copies extant of each separate Work, Enquirers are referred to "The Life and Typography of William Caxton," from which the following pages have been compiled by*

Their obedient Servant,

WILLIAM BLADES.
