## PREFACE

THE reception which met the First Series of *Tripertita* has encouraged me to persevere in my intention of writing a Second Series, dealing with Rules of a rather more advanced kind.

In this Second Series I have thought it advisable to continue to give such help as will enable a boy to dispense for the present with the use of a Dictionary. I have however made an exception in the case of those words which are commonly used as examples in Grammars, and of Proper Names, about which, for the most part, no information has been given.

F. T. HOLDEN.
