PREFACE.

SELF-ABUSE is by far the worst evil of modern times, the great despoiler of humanity. It is unmanning and ruining most of our boys, and unsexing and diseasing many of our girls. No other human vice is causing a tithe as much nervous prostration or sexual dilapidation. Compared with it, intemperance is a mere bagatelle. Few escape its ravages till ten, and fewer adults but are broken down by it. Its soul-harrowing miseries should at least rouse all parents to snatch their OWN CHILDREN from this fiery furnace. O mothers, Nature has made you the SPECIAL GUARDIANS over your darling sons' sexual purity. If they sin, you are the most guilty. You ABSOLUTELY MUST forewarn and save them *somehow*. And your best means is by giving them this pamphlet, containing, besides much other useful matter, WARNING AND ADVICE TO YOUTH, touching this sin of sins. It is by a Phrenologist, whose name guarantees its value. It sets forth the evils and sinfulness of this suicidal habit so fully and forcibly as to save every youthful reader, besides teaching and inspiring them to *heed and love their mothers!*

Learn in these pages, O young man and maiden, all men and women, that gender wields supreme power over mind and body, and that male and female improvement is incomparably your greatest life acquisition. Particular attention is invited to pp. 11 to 30.

But sexual RESTORATION is the paramount problem to each and all. To *that* subject this work is especially devoted. It tells the dilapidated how to make and apply all needed remedies without a doctor's expense or exposure, and do all that can be done to restore lost manliness and womanliness — worth more than all Astor's millions! It also contains a vast amount of sexual truth nowhere else presented. No equal investment will ever do you half as much lifelong good.

Those whom these pages please or benefit will do well to obtain that entire work on offspring and sexuality from which they are extracted.

EXPLANATION. — Those raised figures, called superiors, found throughout the text, refer to NUMBERED paragraphs in this work and that Supplement from which it is extracted, in "The Family," of which this Supplement forms a part, and in the Author's series of volumes, of which "The Family" constitutes the third. Thus having shown how much right sexual states moralize, and wrong debase the entire being, in numbered paragraph ⁵⁷⁷ on p. 20, whenever he would refer to this idea he inserts ⁵⁷⁷ thus, thereby referring from all parts of each volume to all parts of all the volumes, all of which will amply repay perusal.
