DEDICATION.

To my two daughters, who taught me many beautiful truths; whose words have strengthened and encouraged me to live more true to my God, my fellowmen and myself; who saw good when others looked for evil; who never gave me a heartache.

PREFACE.

This book has been written for a purpose, but it has not been written at the suggestion of any one or under the direction of any one.

It is the outgrowth of my desire to bring before the public what the power of prayer is and what it means to them that persist. Jesus said, "Pray without ceasing." Reader, you will see that all I speak of, has been accomplished by prayer, and prayer today rules nations, states, cities and man. By prayer you can accomplish anything that is right. Prayer is desire.

I use this form realizing that the world today is given to reading fiction, and a book of that character is frequently read when a more profound work is neglected.

THE AUTHOR.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This not only helps in tracking expenses but also ensures compliance with tax regulations.

In the second section, the author provides a detailed breakdown of the monthly budget. It includes categories such as housing, utilities, food, and transportation. Each category is further divided into sub-items, allowing for a granular view of where the money is being spent.

The third section focuses on investment strategies. It explores various options, from traditional stocks and bonds to more innovative assets like real estate and private equity. The author discusses the risks and potential returns associated with each option, providing a balanced perspective on portfolio management.

Finally, the document concludes with a series of recommendations for long-term financial success. It stresses the importance of staying informed about market trends and being prepared to adjust one's strategy as needed. The author also encourages a disciplined approach to saving and investing, highlighting the power of compounding interest over time.
