## EXAMINATIONS FOR ADMISSION:

FRIDAY AND SATURDAY, JUNE 14 AND 15, 1912  
MONDAY TO WEDNESDAY, SEPTEMBER 16 TO 18, 1912

---

## COURSES OF STUDY.

The College offers courses leading to the degrees of A.B., Litt.B., and B.Sc. Under the last are included a general science course, and technical science courses in Civil Engineering, Electrical Engineering, Mechanical Engineering, Chemistry, Ceramics, Agriculture, and Biology. The A.B., the Litt.B., and the general science courses permit large freedom in the choice of electives and provide liberal preparatory training for the professions of law, medicine, theology, teaching, and journalism. The technical science courses are designed to prepare for industrial positions of leadership, except the course in Biology, which aims to give a liberal training in the sciences, and is especially appropriate as a preliminary to the study of medicine. Short courses, not leading to a degree, are offered in Ceramics and in Agriculture.

# Waterman's Ideal Fountain Pen

**Open the Gates  
of Knowledge**

**YOU** will find Waterman's Ideal most potent for progress and success in all your studies and in your leisure hours. A companion that will ever prompt you to system and care in your correspondence.

Successful men and women give credit, in after life, to the good habits inculcated in their school days by the ready-writing use of Waterman's Ideal. It represents neatness, speed and economy. The early usefulness of a Waterman's Ideal is conveyed to later years in the same pen—for it is made to last.

The world has never had as convenient or successful a writing implement as either the Regular, Safety or Self-Filling Type of Waterman's Ideal.
