MAP OF THE CANAL ZONE.

The Republic of Panama grants to the United States in perpetuity the use, occupation and control of a zone of land and land under water for the construction, maintenance, operation, sanitation and protection and of canal of the width of ten miles extending to the distance of five miles on each side of the center line of the route of the canal to be constructed; the said zone beginning in the western limit of the Panama Province into the Pacific Ocean in a distance of three marine miles from the town of Colon and extending to the Pacific Ocean in a distance of three marine miles from the town of Colon, with the provision that the cities of Panama and Colon and the harbors adjacent to said cities, which are included within the boundaries of the Zone above described, shall not be included within this grant.

Wm. H. Wood & Co., Engineers, Colon, Panama.
