*The commemoration, under the auspices of the Cambridge Historical Society, on the 27th of February, 1907, of the one hundredth anniversary of Longfellow's birthday, accounts for the character of this little volume. Besides the sketch of the life of the Poet, it contains most of those of his shorter poems which are referred to in the narrative, and also those which have a distinctly autobiographical character, and those which relate to his special friends and to the places of his birth and abode. Thus, the little book gives the story of the Poet's life briefly narrated in prose by a friend, and partially recorded in verse by himself.*
