PREFACE TO THIRD EDITION.

THE numerous amendments to the Criminal Code and the other Statutes, has made it advisable to publish a third edition of "The Constables' Manual." The main object in this edition has been to make a book especially valuable to Constables, but cases have been cited so as to make it a useful book to members of the Legal Profession. The Statutes of the different Provinces, outside the Province of Ontario, bearing on the subjects treated of, have been cited, with the hope that the book may be found useful outside of Ontario.

As the intention of the compilers has been to make a pocket manual, it has become necessary to omit certain parts, and also to abbreviate considerably. While adhering to the general scheme of the book, the greater part has been entirely re-written. The book has been completely indexed in every particular.
