*Preface by Author.*

**T**HIS Work first appeared in November, 1822. It was a juvenile production, and, of course, deformed with all the faults and extravagances of nineteen. The Public, however, received it with some degree of encouragement; and, a second edition being now called for, I have gladly seized the opportunity of repairing early errors, by greater correctness of language and more copious information. The present volume will be found to contain thrice the quantity of letterpress, and a much greater variety of interesting details.

*Addendum*

BY AUTHOR'S SON.

**I**N the belief that there are many admirers of Sir Walter Scott who would gladly welcome the re-appearance of a work which many years ago was, in connection with his novels, eagerly perused, the "Illustrations of the Author of Waverley" have been again printed.
