REPORT
OF THE
FEDERAL TRADE COMMISSION
ON
MILK
AND
MILK PRODUCTS

1914-1918

June 6, 1921

WASHINGTON
GOVERNMENT PRINTING OFFICE
1921

CONTENTS.

	Page.
Acknowledgment.....	10
Senate resolution 431.....	11
Letter of submittal.....	12
Summary.....	15
Importance of milk-products industry.....	15
Recent development.....	16
Raw-milk prices.....	16
Investment in canned-milk industry.....	17
Canned-milk costs.....	18
Profits of canned-milk industry.....	19
Concentration of canned-milk industry.....	20
Investment in butter industry.....	21
Butter costs.....	22
Profits of the butter industry.....	22
Unfair practices.....	23
Costs of distributing market milk.....	24
Profits of market-milk distributors.....	24
Government control.....	25
Conclusions and recommendations.....	26

CHAPTER I.—PRELIMINARY SURVEY OF THE MILK AND MILK PRODUCTS INDUSTRY.

Sec. 1. Introduction.....	27
2. Quantities of milk used in milk-products industries.....	27
3. Butter, cheese, and canned-milk industries up to 1914.....	28
4. Production of butter, cheese, and canned milk, 1914-1919.....	29
5. Prices paid to farmers for raw milk.....	30
Average prices for the country as a whole.....	30
Average prices in the most important dairy States.....	31
Indications of bidding up the market.....	32
6. Producers' and distributors' prices of market milk and milk products, 1914-1918.....	32
7. Manufacturers' profits on canned milk and butter and distributors' profits on market milk, 1914-1918.....	33

CHAPTER II.—CANNED MILK.

Sec. 1. Survey of the canned-milk industry.....	34
Process of manufacturing condensed milk.....	34
Manufacture of evaporated milk.....	34
Other kinds of process milk.....	34
Development of the use of canned milk.....	35
Growth of production in the United States.....	36
Development of the industry.....	36
Localization of the industry.....	38
Channels of distribution.....	38
Consumption of canned milk.....	39
2. Investment in canned-milk industry.....	39
Scope of survey.....	39
Consolidated balance sheets of the industry.....	40
Assets.....	40
Liabilities.....	40
Gross and net investment.....	41
3. Earnings of the industry.....	42
Gross and net profit.....	42
Rates of return on investment.....	42
Comparison of gross and operating gross profits.....	43
Comparison of net and operating net profits.....	43
Rates of return by size groups.....	43
Rates of return by type of output.....	44
Rates of return by geographical groups.....	45

	Page.
Sec. 4. Scope of cost study.....	46
5. Costs for 1918.....	47
6. Analysis of evaporated milk costs.....	48
By years.....	48
By size.....	49
By location.....	50
7. Relation between the costs and prices of evaporated milk.....	50
8. Producing and marketing conditions.....	52
Seasonal character of the industry.....	52
Manufacturers' prices.....	53
Trade channels from manufacturer to jobber.....	53
Differences in marketing methods of large and small manufacturers.....	54
Guaranty against decline in prices.....	55
9. Competition among manufacturers of canned milk.....	56
Dominant companies.....	56
Contracts of Nestlé's Food Co. and of Borden Co.....	58
Agreements of Nestlé and Borden interests.....	59
The Nestlé's Food Co.'s acquisition of American canned-milk companies.....	60
Carnation Milk Products Co. and the Helvetia Milk Condensing Co.....	62

CHAPTER III.—BUTTER.

Sec. 1. Survey of the industry.....	63
Scope of inquiry.....	63
History.....	63
Processes of production.....	63
Neutralizers.....	64
Pasteurization.....	64
Cream ripening.....	65
Churning and preparation for market.....	65
Development of butter production in the United States.....	65
Decline in farm butter production.....	66
Increase in factory butter production.....	66
Localization of factory butter industry.....	67
Types of creameries.....	68
Factors determining quality of butter produced by local and centralizing creameries.....	68
2. Margarin.....	69
History.....	69
Production of margarin.....	70
Comparison of the constituents of butter and margarin.....	70
3. Marketing of butter.....	71
Grading of butter.....	71
Movement of butter from creamery to consumer.....	72
Principal marketing companies.....	73
4. Storage of butter.....	73
Cold-storage holdings of creamery butter.....	74
5. Relation of storage of creamery butter to prices.....	75
Effect of storage on prices.....	75
6. Consumption of butter and margarin.....	76
7. Exports and imports of butter.....	77
8. Investment in butter industry.....	78
Scope of survey.....	78
Consolidated balance sheets of the industry.....	80
Gross and net investment of centralizers.....	81
9. Earnings of the industry.....	82
Gross and net profit.....	82
Rates of return on investment.....	85
Rates of return, by size groups, of 90 per cent butter companies.....	85
Rates of return on operating investment.....	86
10. Costs of centralizers.....	88
Consolidated.....	88
By geographical divisions.....	89
11. Comparative costs of centralizers and cooperatives.....	91
12. Average prices paid for butter fat.....	92

	Page.
Sec. 13. Centralizers' costs, prices, and profits.....	93
Costs and prices, 1914-1917.....	93
Costs, prices, and profits, 1918.....	94
Rates of return, 1914-1918.....	94
Margins per pound.....	95
14. Comparison of centralizer and cooperative prices.....	95
15. Methods of buying butter fat.....	96
Collection.....	96
Local stations.....	96
Independent buyers.....	97
Direct shippers.....	99
Concentration points.....	100
16. Competition for raw materials among creameries.....	101
Characteristics.....	101
Station-stealing.....	102
Discriminatory prices.....	102

CHAPTER IV.—THE DISTRIBUTION OF MARKET MILK.

Sec. 1. Introduction.....	105
Scope.....	105
Development of the market-milk industry.....	105
2. Costs, prices, profits, and investments of market milk.....	107
Retail prices, 1890-1913.....	107
Retail prices, 1913-1920.....	107
Wholesale prices of market milk.....	108
Dealers' profits.....	110
Dealers' costs and profits, 1917.....	111

CHAPTER V.—GOVERNMENT CONTROL OF PRICES, MARGINS, AND EXPORTS.

Sec. 1. Introduction.....	113
2. General regulations.....	113
3. Control of butter.....	115
The closing of the Elgin Board of Trade.....	115
Price regulation through agreement of January, 1918.....	118
Regulations governing wholesalers and jobbers.....	119
Manufacturers.....	120
Commission merchants.....	122
Retailers.....	122
4. Cheese regulations.....	123
Wholesalers and jobbers.....	123
Manufacturers.....	124
Commission merchants.....	125
Retailers.....	125
5. Canned-milk regulations.....	125
Wholesalers and jobbers.....	125
Manufacturers.....	126
Retailers.....	126
6. The Food Administration and market milk.....	126
Introduction.....	126
New York State.....	127
Boston district.....	131
Chicago district.....	132
Philadelphia.....	135
Ohio.....	136
Oregon and Washington.....	136
7. Organization and regulatory bodies.....	136
Canned-goods division.....	136
Perishables division.....	137
Milk committee.....	137
Food purchase board and division of coordination of purchase.....	137
The Bureau of Exports of the War Trade Board.....	140
8. American foreign trade in canned milk.....	141

LIST OF TABLES.

	Page.
Table 1. Relative importance of food industries, 1914.....	27
2. Annual production of the principal milk products in the United States, 1914-1919.....	29
3. Average prices paid to farmers by market-milk distributors and canned milk and butter manufacturers, 1914-1918, increase in average prices, per cent of increase, and rate of increase over 1914 (per 100 pounds).....	30
4. Rate of return on gross investment earned by canned milk and butter manufacturers and market-milk distributors, 1914-1918....	33
5. Production of canned milk in the United States, 1899-1919.....	36
6. Percentage of production of condensed and evaporated milk, by sections, 1899 and 1914.....	38
7. Operating investments, operating profits, and rates of profit for canned-milk companies, 1914-1918.....	43
8. Rates of return earned on gross investment for the different sized canned-milk companies, 1914-1918.....	44
9. Rates of return earned on gross investment by canned-milk companies making evaporated and condensed milk, 1914-1918.....	45
10. Rates of return earned on gross investment by canned-milk companies, classified by geographical location, 1914-1918.....	46
11. Average plant costs of evaporated and condensed milk, by items, per case, 1918.....	48
12. Average plant costs of evaporated milk, by items, per case, 1914-1918.	48
13. Average plant costs of evaporated milk, by items, per case, for groups of companies, by size, 1918.....	49
14. Average plant costs of evaporated milk, by items, per case, for groups of companies in specified geographical divisions, 1918.....	50
15. Evaporated milk manufacturing companies reporting costs and prices to the Commission, grouped according to their margins of profit (or loss), per case, together with percentages of total production of companies reporting costs, 1918.....	51
16. Canned-milk production (evaporated and condensed) of the 10 largest companies, with proportion of the United States production, 1918..	56
17. Percentages of canned milk produced by the 10 largest companies, based on the total United States production, 1914-1918.....	57
18. Principal butter-marketing companies, number of pounds sold, and per cent of total creamery butter produced in the United States, 1918.....	73
19. Production of creamery butter, by months, 1918 and 1919.....	74
20. Cold-storage holdings of creamery butter, by months, as reported to the Bureau of Markets, 1918 and 1919.....	75
21. Average yearly wholesale prices of butter (creamery extra) per pound, at New York and Chicago, 1913-1919.....	75
22. Per capita production and consumption of butter and margarin in the United States, 1909, 1914, and 1916-1919.....	76
23. Number and production of creamery plants reported and reporting, together with proportion of number and production, 1914-1918....	79
24. Consolidated investments, earnings, and rates of earnings of centralizing butter companies, 1914-1918.....	83
25. Cost, prices, and profits of 12 centralizing butter companies, 90 per cent or more of whose business is butter, in order of sales, 1918...	86
26. Operating investments, operating earnings, and rates of earnings, of centralizing butter companies reporting to the Commission, 1914-1918.....	87
27. Elements of costs and their relative importance of centralizing butter companies, 1914-1918.....	88
28. Butter-fat costs per pound for centralizing butter companies, in specified geographical divisions, 1914-1918.....	90
29. Comparison of costs (exclusive of butter fat) of centralizing and cooperative creameries, 1914-1918.....	92
30. Retail price indexes of market milk and of 22 foods combined, 1913-1920.....	107
31. Comparison by index numbers of average wholesale prices of milk, farm products, foods, and all commodities, 1914-1918.....	109
32. Average prices paid to farmers for raw milk, consumers' prices, and margins, with index numbers for each, 1914-1918.....	109

	Page.
Table 33. Average prices and margins for market milk in New York, Chicago, and San Francisco, 1915-1919.....	109
34. Investments and net profits of market-milk dealers, 1914-1918.....	110
35. Investments and net profits of 11 market-milk dealers, 1914-1918.....	110
36. Rates of profit on investment (capital stock and surplus) for 17 market-milk dealers, 1918.....	111

EXHIBITS.

1. Letter from W. J. Hanna to Herbert Hoover.....	142
2. Letter from Hires Condensed Milk Co. to S. J. Scudder.....	142
3. Inter-company letter, the John Wildt Evaporated Milk Co.....	143
4. Letter from John E. Montgomery to United States Food Administration.....	143
5. Letter from William C. Rogers to H. H. Thomas.....	144
6. Letter from United States Food Administration to C. L. Bartsche.....	144
7. Agreement between Nestlé & Anglo-Swiss Condensed Milk Co. and Borden's Condensed Milk Co.....	145
8. Trade practice submittal—Creamery industry.....	163
9. Costs of distributing market milk.....	171
Findings of the Rochester survey, 1911-12.....	171
The Williams investigation.....	171
Costs and profits.....	172
Cost of distribution under unified system.....	172
Findings of the Rochester milk survey, 1919.....	173
The North investigation.....	173
Costs and possible savings in labor and manufacturing.....	173
Costs of transportation into city.....	174
Surplus milk.....	174
Findings of the New York legislative committee, 1917.....	175
Findings of New York City investigations.....	176
The Jennings investigation.....	176
Report of the fair price milk committee.....	177
Report of mayor's committee on milk, 1917.....	178
Findings of other investigations of cost of distribution.....	178
Philadelphia, 1917.....	178
Canadian investigations.....	179
San Francisco Bay cities.....	179
Other investigations.....	180
Country milk station wastes.....	180
Inward freight costs.....	180
The problem of surplus milk.....	181
Conclusion.....	183

LIST OF APPENDIX TABLES.

Table 1. Quantities and percentages of total raw milk used in the principal milk-products industries in the United States in specified years.....	184
2. Growth of the three principal milk-products industries for specified years 1899-1914.....	185
3. Producers' average prices of market milk, butter, and evaporated milk, and distributors' average prices and margins of market milk and butter, 1914-1918.....	185
4. Average delivered prices paid by 77 condenseries of the United States for 100 pounds of milk of different percentages of butter fat, 1914-1918.....	186
5. Average delivered prices paid by 74 creameries of the United States for 100 pounds of cream of different percentages of butter fat, 1914-1918.....	187
6. Average prices per 100 pounds of milk of different percentages of butter fat paid by 15 market-milk dealers of the United States, 1914-1918.....	189
7. Average prices paid to farmers by condensers, market-milk distributors, and butter manufacturers in the most important dairy States, 1914-1918.....	190

	Page.
Table 8. Production, imports, exports, stocks, and consumption of canned milk in the United States, 1914-1918.....	190
9. Consolidated balance sheets of canned-milk companies, 1914-1918....	191
10. Investments of canned-milk companies, 1914-1918.....	192
11. Sales and rate of profit on sales of consolidated earnings of canned-milk companies, 1914-1918.....	193
12. Investments and profits of canned-milk companies, 1914-1918.....	193
13. Relation of average costs and prices of evaporated milk, 1918.....	194
14. Per cent of raw milk purchased, per cent of canned milk produced, and prices paid per 100 pounds of raw milk, by 18 condenseries, by months, for specified years, 1908-1915.....	195
15. The manufacturers' price changes for evaporated milk (talls) and the dates on which they went into effect for the 10-year period, 1910-1920.....	204
16. Production of farm and factory butter in the United States, 1849-1919.....	212
17. Production of factory (creamery) butter, in pounds, 1899, 1914, and 1918.....	212
18. Production of margarin in the United States, 1909, 1914, 1916-1919....	212
19. Cold-storage holdings of creamery butter, by months, 1914-1919.....	213
20. Average wholesale prices of butter (creamery extra), per pound, at New York and Chicago, by months, 1913-1919.....	213
21. United States exports and net imports of butter, by months, calendar years 1913-1919.....	214
22. United States exports and net imports of butter, fiscal years 1910-1919.....	214
23. Consolidated balance sheets of centralizing butter companies reporting to the Commission, 1914-1918.....	215
24. Consolidated balance sheets of cooperative butter companies reporting to the Commission, 1914-1918.....	216
25. Consolidated balance sheets of centralizing butter companies returning profit and loss statements to the Commission, 1914-1918.....	217
26. Consolidated balance sheets of those centralizing butter companies reporting to the Commission whose butter business constituted 90 per cent or more of their total business, 1914-1918.....	218
27. Investment of centralizing butter companies returning profit and loss statements to the Commission, 1914-1918.....	219
28. Investment of those centralizing butter companies reporting to the Commission whose butter business constituted 90 per cent or more of their total business, 1914-1918.....	219
29. Consolidated earnings of centralizing butter companies returning profit and loss statements to the Commission, 1914-1918.....	220
30. Consolidated earnings of those centralizing butter companies reporting to the Commission whose butter business constituted 90 per cent or more of their total business, 1914-1918.....	221
31. Cost of butter per pound produced by centralizing companies reporting to the Commission, by geographical divisions, 1914-1918.....	222
32. Prices paid to producers by centralizing butter companies for butter fat and the margin left to cooperative creameries after deducting from selling price of butter the cost of manufacturing and selling....	224
33. Cost, price, profit, and gross investment, per pound of butter produced, of centralizing butter companies, and rate of profit on gross investment, 1914.....	225
34. Cost, price, profit, and gross investment, per pound of butter produced, of centralizing butter companies, and rate of profit on gross investment, 1915.....	225
35. Cost, price, profit, and gross investment, per pound of butter produced, of centralizing butter companies, and rate of profit on gross investment, 1916.....	226
36. Cost, price, profit, and gross investment, per pound of butter produced, of centralizing butter companies, and rate of profit on gross investment, 1917.....	227
37. Cost, price, profit, and gross investment, per pound of butter produced, of centralizing butter companies, and rate of profit on gross investment, 1918.....	228
