## PREFACE.

---

**T**HE following manual of Old Testament History is one of Professor Delitzsch's four courses of University lectures on Biblical Theology. As such it has never been published in Germany. It is essentially an accurate reproduction of the paragraphs delivered to the theological students in Leipzig during the summer of 1880.

Although I was primarily moved to undertake this translation for the use of my students, yet I have found these lectures so stimulating and helpful in my own study of the Old Testament, that I venture to offer my rendering of them to the public, especially after the generous reception accorded to the *Messianic Prophecies* by the friends of Dr. Delitzsch in Great Britain one year ago.

SAMUEL IVES CURTISS.
