## TO MY AMERICAN READERS.

For twenty-two years before the frightful struggle let loose upon the world by Prussianized Germany, I spent all my time and all that I could command of resources and intelligence in studying the Pangerman conspiracy by means of systematic investigations which took me into one hundred and seventy-seven cities of Europe, America, and Asia. It was my hope that by exposing the German plans I might give a timely enough warning of the approaching danger to make it possible that fitting action could avert war.

I did not succeed in gaining a hearing from those whom it was necessary to convince in Europe; but the long continuance and persistence of my efforts, evidenced by the works I published before 1914, prove conclusively that I am a man of peace, for I have done everything in my power to prevent war. Continuing my task in the same spirit, it is my wish at least to contribute toward the ending of this appalling conflict on such conditions that it can never be renewed. A decisive victory

of the Allies which will make any aggressive return of Pangermanism impossible is the only way by which this end can be attained. Toward gaining this victory, by rejecting from the beginning the crafty manœuvres of the Berlin Government unceasingly renewed to divide and deceive the Allies, the deliberate and profound conviction of every citizen of the United States can accomplish much. I have, therefore, brought together in this little book, written for you especially, a series of specific facts, easily verified, which should establish among you this certain conclusion:

Germany no longer exists. In her place stands Pangermany, whose existence is incompatible with the independence of the United States and the freedom of the world.
