Preface

THE GIRL PROPOSITION involves so many kinds of Human Endeavor that it has been found inadvisable to treat the Subject exhaustively in a mere Pocket Guide. The Purpose of this Volume shall have been accomplished if Students are aroused to a keener Interest in the sprightly Topic and feel encouraged to undertake Original Research, verifying by Experiment the Conclusions herewith set down. It has been suggested to the Author that there is no piercing demand for a Work of this character, inasmuch as several millions of Investigators are already devoting the greater portion of their Time to a sincere consideration of the Girl Proposition, and the number of Experts is increasing hourly. In reply it may be urged that a Treatise of this Description cannot possibly discourage their Efforts and it may help a lot.
