PREFACE TO FIRST EDITION.

A GLANCE at the Table of Contents will shew the intestinal connection of the following chapters.

The chapter on Conscience—as conscience is the *internal* rule of human conduct, and the chapter on Law—as law is the *external* rule of human conduct, have suggested the title of this volume.

Five of the chapters have in substance already appeared as articles in *The Month*. These have been extended and revised.

A sixth chapter on Restitution has been added; and this completes our present consideration of the subject.

PUBLISHER'S NOTE TO SECOND EDITION.

THE first edition of this admirable little book having been so well received by the public, has now for some time been entirely out of print, and, in consequence of continual applications for it, I am induced to re-issue it as a verbatim reprint, the proofs of which have been corrected under the immediate supervision of the Author.
