PREFACE.

It has been said that "there is a class of readers—and a large one too—who like to find in books rather what they know already, than what they have yet to learn." The hope of finding such readers has been felt as an encouragement by the writer of this little book.

If any one meets in the following pages with aught that conveys a useful hint of advice, or a ray of comfort or even pleasure, the design of the Author will be amply fulfilled.
