THE first of the following papers explains their name and their nature as described in the subtitle of the book, "Priedien Papers on Spiritual Subjects". It may be well to say here that the book is called also AT HOME WITH GOD, because it aims at helping its readers to feel *at home with God*, as children of a loving and merciful Father who yearns to make them happy with Himself in Heaven. On earth we live by faith, hope, and charity; but only in Heaven, our true Home, shall we be perfectly and securely at home with God for ever.
