1860

THOUGH much has been written on Venereal Diseases, it is especially in the medical literature of the last thirty years we find that elucidation of their pathology, and that simplification of their treatment, which have imparted as completely a scientific character to the subject, as almost any other department of medicine can lay claim to.

It is this scientific character which gives an interest to an otherwise repulsive study and practice, scarcely to be believed possible by those who have not engaged in them.

In the present Work, I have endeavoured to describe the Diseases in their different forms and stages, to trace out their natural history, and to lay down that plan of treat-

ment which a lengthened experience has taught me. It is especially for the guidance of Young Practitioners that I have written—of those who have not had sufficient opportunity of clinically studying cases of the kind, and who, therefore, when first called on to treat them, frequently find themselves at a loss how to act.

JOHN HARRISON.

CONTENTS.

Part I.

PATHOLOGY.

CHAPTER I.

	PAGE
CHANCRES,	1

CHAPTER II.

CONSTITUTIONAL SYMPTOMS OF SYPHILIS,	11
Syphilitic Affections of the Skin,	15
Syphilitic Affections of the Throat, Mouth, Nose, Larynx, &c.	21
Syphilitic Affections of the Eye,	24
Syphilitic Affections of the Ear,	26
Syphilitic Sarcocoele,	26
Syphilitic Gummata,	28
Syphilitic Affections of the Periosteum and Bones,	29
Syphilitic Affections of the Viscera,	31

CHAPTER III.

SYPHILIS IN INFANTS,	32
--------------------------------	----

CHAPTER IV.

INOCULATION AS A MEANS OF DIAGNOSIS BETWEEN CHANCRES—TRUE AND FALSE,	43
---	----

CHAPTER V.	
TRANSMISSIBILITY OF INFECTION FROM SECONDARY SORES,	PAGE 49
CHAPTER VI.	
POISON OF SYPHILIS,	54
CHAPTER VII.	
INDUCED IMMUNITY OF THE SYSTEM AGAINST NEW CONSTITUTIONAL INFECTION,	61
CHAPTER VIII.	
EXTINCTION OF THE SYPHILITIC DIATHESIS BY "SYPHILIZATION," OR REPEATED INOCULATIONS WITH CHANCROUS VIRUS,	63
CHAPTER IX.	
INFLUENCE OF CLIMATE, AGE, SEX, AND CONSTITUTION ON SYPHILIS,	69
Climate,	69
Age,	71
Sex,	72
Constitution,	72
CHAPTER X.	
NON-SPECIFIC SORES, VEGETATIONS, &c.	73
Non-Specific Sores,	73
Vegetations,	76
CHAPTER XI.	
GONORRHOEA, GONORRHOEAL OPHTHALMIA, AND GONORRHOEAL RHEUMATISM,	78
Gonorrhœa,	78
Gonorrhœal Ophthalmia,	82
Gonorrhœal Rheumatism,	83

CONTENTS.
