NEW YORK AND WASHINGTON THE NEALE PUBLISHING COMPANY 1907 COPYRIGHT, 1907, BY THE STALE PUBLISHING COMPANY I dedicate this Book to the Banks and Bankers of the United States, who, if left alone, would supply the country with an abundance of Sound Currency.

#### PREFACE

The Constitution of the United States, which provided for this country the true system of finance, contemplated that the Government of the United States should coin the precious metals into money and regulate the value thereof, and this was to be the only money the country was to have, except foreign coins, the value of which Congress would fix. The United States Government was to make such issues of paper currency as it chose to issue (not legal tender, however), and agencies of the States were to issue such paper currency as the States would allow (not legal tender). We operated under this system until the civil war came on, and when that event occurred we were fast working down to a bearing; and though somewhat retarded by the "wild and woolly West" with its endless succession of "wild-cat" bank issues, we would long before this have finally and firmly established the true financial system if there had been no civil war. But that cataclysm upset everything and finally terminated with the Supreme Court of the United States declaring that Congress could
