EDITOR'S PREFACE.

The name of S. G. Burney upon the title-page of this book is a sufficient guarantee of its merit. The work is given to the public because the author's candid and scholarly discussion of the subjects treated cannot fail to be helpful to every student who seeks clear, rational and scriptural views upon Anthropology. This volume is published in the discharge of a trust committed to me by the author and in response to the demand of those who were students of Theology under him, as well as of others who appreciate his ability and value his teachings.

The editor acknowledges gratefully the valuable assistance rendered by Rev. C. H. Bell, D.D., and Rev. B. G. Mitchell, A.M.

R. W. BINKLEY.
