## PREFATORY NOTE.

---

THIS volume is intended for a holiday gift-book. To fit it for this use, it has been profusely and elegantly illustrated, beautifully printed, and admirably "got up." Its matter is, in the main, a selection of extracts from various publications, and is calculated both to please and instruct intelligent children, between the ages of ten and fourteen years. In a word, it is just such a volume as a Christian parent may safely place in the hands of his child, with the assurance that while it will amuse his leisure hours and improve his understanding, it will neither deprave his imagination nor corrupt his heart.
