Publishers' Note

The aim of this series is to furnish a uniform set of church histories, brief but complete, and designed to instruct the average church member in the origin, development, and history of the various denominations. Many church histories have been issued for all denominations, but they have usually been volumes of such size as to discourage any but students of church history. Each volume of this series, all of which will be written by leading historians of the various denominations, will not only interest the members of the denomination about which it is written, but will prove interesting to members of other denominations as well who wish to learn something of their fellow workers. The volumes will be bound uniformly, and when the series is complete will make a most valuable history of the Christian church.
