## PREFACE.

I write this little book of Holiness Bible Readings, not because there are none better or more scholarly, but because God has been willing to put his divine seal upon them when given in our revival work; and also there has been a pressing demand by those who heard them to have them in book form.

In bringing them before the public, we lay no claim to literary ability or achievements; on the other hand we claim simplicity, and trust that the common people will read these pages gladly.

If they do one half the good they seem to have done when given orally, in leading God's children into the light of full salvation, I shall be satisfied that they were ever sent forth on their mission of love.

In arranging these truths on the

life "more abundant," we have modestly dared to hope that the simple hints dropped here and there, the illustrations and half-tone cuts will aid the readers to discover the "deep things" that are hid from the wise and prudent, but revealed unto babes; so that many will actually pass from death unto life, also many more from a semi-wilderness experience to "Beulah Land."

We send forth this little book with a prayer that all harsh criticism may be withheld and that the Holy Spirit will guide into all truth all who read "That they may be filled with all the fullness of God." Amen.

## INTRODUCTION

It has been a pleasure to take part in most of these readings both at Crystal Springs Campmeeting and at Paulina street M. E. church, Chicago, Ill., and I count it an honor to say a word of introduction.

The results that followed at the places named are the best word that can be spoken for the teaching of our evangelist. When Christians are awakened, backsliders reclaimed, and the community stirred generally to draw near God, such fruits are the best possible credentials for any messenger of the Gospel. Just these results followed the plain Bible teaching of Brother Morehouse and we feel that he has a message for Christians especially and then to all who need the gracious "Fullness" of which these readings abound. Not all of
