PREFACE

Dear Reader in Eternal Progress:

We ask that you keep the title of this book, "Woman of the Hour—Past, Present, Future," ever in mind while reading, as we are to trace Woman back into antiquity as far as history has recorded, and turning the search-light of consciousness over her path as she travels the rough roads of pioneering to the present Dispensation, where re-creation awaits her, "traveling in birth, pained to be delivered," to give this message which none other than woman could give, she now, peering into the future by the Light of her own Intuition, views the Illuminating Light of the Endless Eternity, is therefore, Eternity Itself, the Eternally Feminine.

From the monad to the molecule, from the molecule to the Cell-Life Intelligence, this woman, Cohesive in all Nature, reaches out, gathers in, and claims to herself the germ of Being.

At this time, this Cohesive Principle, impregnated of the Spirit, is in embryo for the re-generate child, (humanity) coming to save the race from the ignorance that has chained and bound the world since the time of the Atlantian races, when the Great Sun, Sun back of our Sun, moving only in the two thousand years cycle, was in the Fire Sign, Leo, Lion, 11,079 B. C.

Compiled by a woman, to be given to the awakened Intuitional Concept of both men and women, as a message-bearer, or instrument, obeying commands that have come from many sources, which is known intuitively as a scientifically demonstrated Knowing, I am leaving the results with the forces that have submitted these Truths, to be accepted or rejected.

Many years with Master-Teachers, both seen and unseen, it has been my privilege to have training under Initiates of high degree.

Having what the Scotch call "Second-Sight", often seeing what to others is invisible, and what I call Intuitional far-sight, sensitive and impressionable, I have been shown that it is my work to give out this special teaching in books and lesson form, also to renew the ancient Order of Melchisedec, High-Priestess, of which this work is a synopsis.

I was born in the Water-Sign, Cancer, of the Grand-Man, in the early morning hour, at the very foot of the cross, heavy with experiences of past lives, Moon in Aquarius, Sign of the Outpouring, with Leo personality, born to be born and re-born to three births in one embodiment. As a "Child of God" Alchemically calculated, "Shall open thy mouth for the dumb in the cause of all that are appointed to destruction." Zebulum, of the House of Jacob, "Shall dwell at the haven of the sea; an haven of the ships, and the border shall be unto Zidon." Archangel Gabriel, "Shall sound a trumpet, and the dead shall arise." Geometrically calculated, Life-Path, 10, 9, 8, 7, equals 34, digit 7, meaning a building, completed, standing alone, apart in itself, a figure holding within itself the octave of force, both positive and negative, spirit represented in psychic and intuitional powers, and on the material plane in the form of disappointments and misfortunes.

Many years ago the Great-Mother, Eternally-Feminine of all Nature came to me, and I loved her. Loved her because she is Eve, the Mother of All Living, from the least to the greatest. Loved her because she is woman, the womb of the Universe, wherein everything incubates, both Good and Evil, so called. Loved her because she is the Mother of the races, both divine and physical. Loved her because she alone will re-generate and replenish the earth from which a New Humanity will come forth and declare Truth in all its divinity, its sacredness and Wisdom.

After this the Great-Mother hid herself behind a mass of rubbish, and misunderstanding in that mystery, or whatever we may call it which lies behind the glory of Shekinah, the Liberating Angel, who delivers the world in all ages, and who is ever near, and never separate from the just at the end and beginning of every cycle, as is manifested at the present time.

When the Great-Mother was gone I was in sorrow, left alone in the world of Illusion, as I thot. But as years passed my soul cried out more and more for the Truth, and it would not be satisfied, then I was conscious of being led on, and on thru the dense darkness of experiences, tho never without hope and gratitude for every ray of light upon life's path, and after a time came radiant as the Sun, she for whom I had sorrowed long, spake, and said to me: "Not until we can truly know that experiences are necessary teachers, and we can accept both sorrow and joy as necessary for unfoldment and growth, can we know the real meaning of life as it is unrolled upon the scroll of our nativity." And she continued: "Beneath all forms thou hast seen, in all disappointments, as in delights, in the darkness of ignorance, as in the Light of Wisdom, I, Eternally-Feminine, am Everlasting, and the same. In the Illuminating Light of the coming time thou shalt see fanaticism, and the ridiculousness the world has called 'Truth' become transformed into living temples of beauty, thru the spoken-word of re-generate Woman. Be patient. All things come to them who wait."

In offering this argument in behalf of Woman, we can only say that each reader carries the test of his soul's development in the ability to see and understand with the inner-light, or consciousness, and to read between the lines, herein given.

This book is not for the learned, the hierarchy, nor for the philosopher, but for the sincere seeker of the Truth of Life's mystical problems which heretofore have not been satisfactorily answered.

To some the facts explained and actually proved may seem absurd, to others untrue, but to the Mystic—one
