NOTICE.

Our principal object in publishing this concise Grammar is to abridge the labour of persons studying the French language.

The plan adopted by *Noël* and *Chapsal*, and *Le Tellier*, whose French Grammars hold the first rank, has been pursued in the compilation of this little work, to which is appended a series of Exercises upon the nine parts of speech, and all the rules of Syntax, to serve as an introduction to our *Guide to French Translation*.
