OBJECTS.

The object of this Society is to collect and publish material bearing upon the history of America, and to promote the study of Jewish history in general, preferably so far as the same is related to American Jewish history or connected with the causes of emigration from various parts of the world to this continent. It is known that Jews in Spain and Portugal lent no inconsiderable aid to the voyages that led to the discovery of America, that a few accompanied the earliest discoverers and that Jews were among the first settlers on this continent, and in its adjacent islands. Considerable numbers saw service in the Colonial and Revolutionary wars, some of them with great distinction. Others contributed liberally to the Continental treasury, at critical periods, to aid in the establishment of Independence. Since the foundation of our government, Jews have played an active part in the political affairs of the country, and have been called upon to hold important public positions. The records of the achievements of these men will, when gathered together, prove of value and interest to the historian, and perchance cast light upon some obscure parts of the history of our country.
