## EDITOR'S NOTE

(August, 1916)

SOME months ago a few copies of these letters were printed, for private distribution, under the title of "With the American Ambulance Field Service in France." So keen was the interest that they stirred, and so many the requests for them which followed, that permission for their publication and sale in America was subsequently asked of the *Ministry of Foreign Affairs* in Paris. The French Government, which had conferred upon their author last October the *Croix de Guerre* for valor, has now given the necessary sanction and approval. The preface and introduction, written for the original edition, have been left here unaltered, as they explain the circumstances to which this book owes its existence. The title only, for brevity's sake, has been changed to "Ambulance No. 10."

## FOREIGN AFFAIRS

Office of the Minister

Paris, August 14, 1916.

*M. Berthelot, Ministre Plénipotentiaire, Chef de Cabinet du Ministre des Affaires Etrangères, Président du Conseil, after having read with interest Mr. Leslie Buswell's book, "With the American Ambulance Field Service in France," considers that the public sale in the United States of so excellent a record can only prove advantageous, and he desires to state that, in behalf of France, the censor finds nothing to suppress.*
