## P R E F A C E.

In this little volume, an attempt has been made to give a brief narration of the Author's rapid journey through Nova Scotia, New Brunswick, Canada, and part of the United—or once United—States.

He does not aim at anything beyond the bare recital of a narrative, with here and there a few passing observations, on the history of those countries and their institutions.

Very much has been written about America and Canada by numerous able pens. But, in an age like the present, when the claims on our time are so numerous that but little attention can be bestowed on any single subject, it is to be hoped that the few loose notes from

manuscript OK sent 25 Apr. 1920

which this little book has been compiled, will not be found unacceptable to those who may peruse it, and that the reader will extend to the timorous venture and its defects, the most indulgent criticism.

*January 1st, 1863.*

# TABLE OF CONTENTS.
