PREFACE.

MURILLO's life is strangely devoid of personal interest, even for the usually uneventful career of an artist. What is known of him and his works I have endeavoured to collect within the small compass of this book. I have based it upon Stromer's "Murillo, Leben und Werke," which is an outline of a Spanish biography by Tubino.

When I have required further details I have naturally betaken myself to Stirling's "Annals of the Artists of Spain:" Dr. Lücke's article in "Kunst und Künstler" I have studied with much interest as an exhaustive treatise upon the spirit and character of Murillo's art.
