TORONTO:

1856.

PREFATORY NOTE.

In the selection of the articles enumerated in this Catalogue, the greatest care has been exercised, so as to render the list, for the objects specified, as complete as possible.

The most approved description of maps, apparatus, books and requisites published in either Europe or America, have been obtained by the Department, with a view to afford to our Canadian Schools all the facilities of instruction enjoined in the Schools of both these Continents.

To render a system of Public Instruction complete in all its parts, not only is a just and comprehensive law necessary, and a Normal School for training teachers indispensable, but it is of equal importance that the facilities afforded to teachers, in the schools, for effectively imparting instruction to the young, should be both varied and appropriate. The Mechanic, without the implements of his art, labours under not less inconvenience than a teacher without books, maps and apparatus. The object of this Department has therefore been to provide the Public Schools of Upper Canada with these facilities of instruction in ample variety and abundance; as well as to provide competent teachers and useful and interesting books for libraries.

In the Catalogue are given the net prices at which the maps and schools requisites enumerated therein may be obtained by the public Educational Institutions of Upper Canada, from the Depository in connection with the Department. In each case, cash must accompany the order sent. To all remittances sent by the Trustees of Common or Grammar Schools, or by Municipal Councils, for Maps and Apparatus, One Hundred per cent. will be added by the Department. Application for these articles should be made according to a form, which will be found on the next page.

Text books must be paid for at the full catalogue price. Colleges and Private Schools will be supplied with any of the articles mentioned in the catalogue at the prices stated. Local Superintendents and teachers will also be supplied with such Educational works as relate to the duties of their profession.

DEPARTMENTAL NOTICE.

To Municipal and School Corporations.

SCHOOL MAPS AND APPARATUS.

The Legislature having granted annually, from the commencement of 1855, a sufficient sum of money to enable the Department to supply Maps and Apparatus (not text-books) to Grammar and Common Schools, upon the same terms as Library Books are now supplied to Trustees and Municipalities the Chief Superintendent of Education will be happy to add one hundred per cent. to any sum or sums, (not less than five dollars) transmitted to the Department; and to forward Maps, Apparatus, Charts, and Diagrams to the value of the amount thus augmented, upon receiving a list of the articles required by the Trustees, &c. In all cases it will be necessary for any person, acting on behalf of the Corporation, to enclose or present a written authority to do so, verified by the corporate seal of the Municipality or Trustees.* A selection of articles to be sent can always be made by the Department, when so desired.

* *The form of Application should be as follows:*

Sir,—The undersigned, Trustees [*Reeve, or Clerk*] of _____, being anxious to supply the (_____) with suitable school requisites, hereby make application for the [*maps, apparatus, &c.*] enumerated in the accompanying list, in terms of the Departmental notice, relating to maps and apparatus. In testimony whereof, the Trustees [*Reeve, or Clerk*] of the _____ above mentioned _____ hereto affix their names and seal of office this _____ day of _____, 185—, at _____.

[*Name.*] [*Seal.*]

We hereby authorise _____ to procure for us the _____ above mentioned, _____ in terms of the foregoing application.

[*Name of Trustees, &c.*]

TO THE CHIEF SUPERINTENDENT OF EDUCATION, TORONTO.

NOTE.—A Corporate Seal must be affixed to the foregoing application, otherwise it is of no legal value. Text-books cannot be furnished on the terms mentioned above. They must be paid for in full at the net catalogue price. The 100 per cent. will not be allowed on any sum less than \$5, which must be remitted in one sum.
