## PREFACE

ELEVEN years have passed since the last edition of the MAGDALEN COLLEGE RECORD. The events of those historic years have naturally caused many changes in the lives of nearly all Magdalen men. The difficulty of collecting all this new information must be the excuse for the omissions and inaccuracies which will be found in this edition.

The plan of previous editions has been adhered to: namely, to include all Magdalen men who were alive in 1909 (even though they have died since), and to add all who have become Magdalen men since.

I would like to express my gratitude to the President for much valuable information and assistance, and to my father for his unfailing help and encouragement in the work of this edition and for his most careful collection of information for me during the years of my absence on Service.

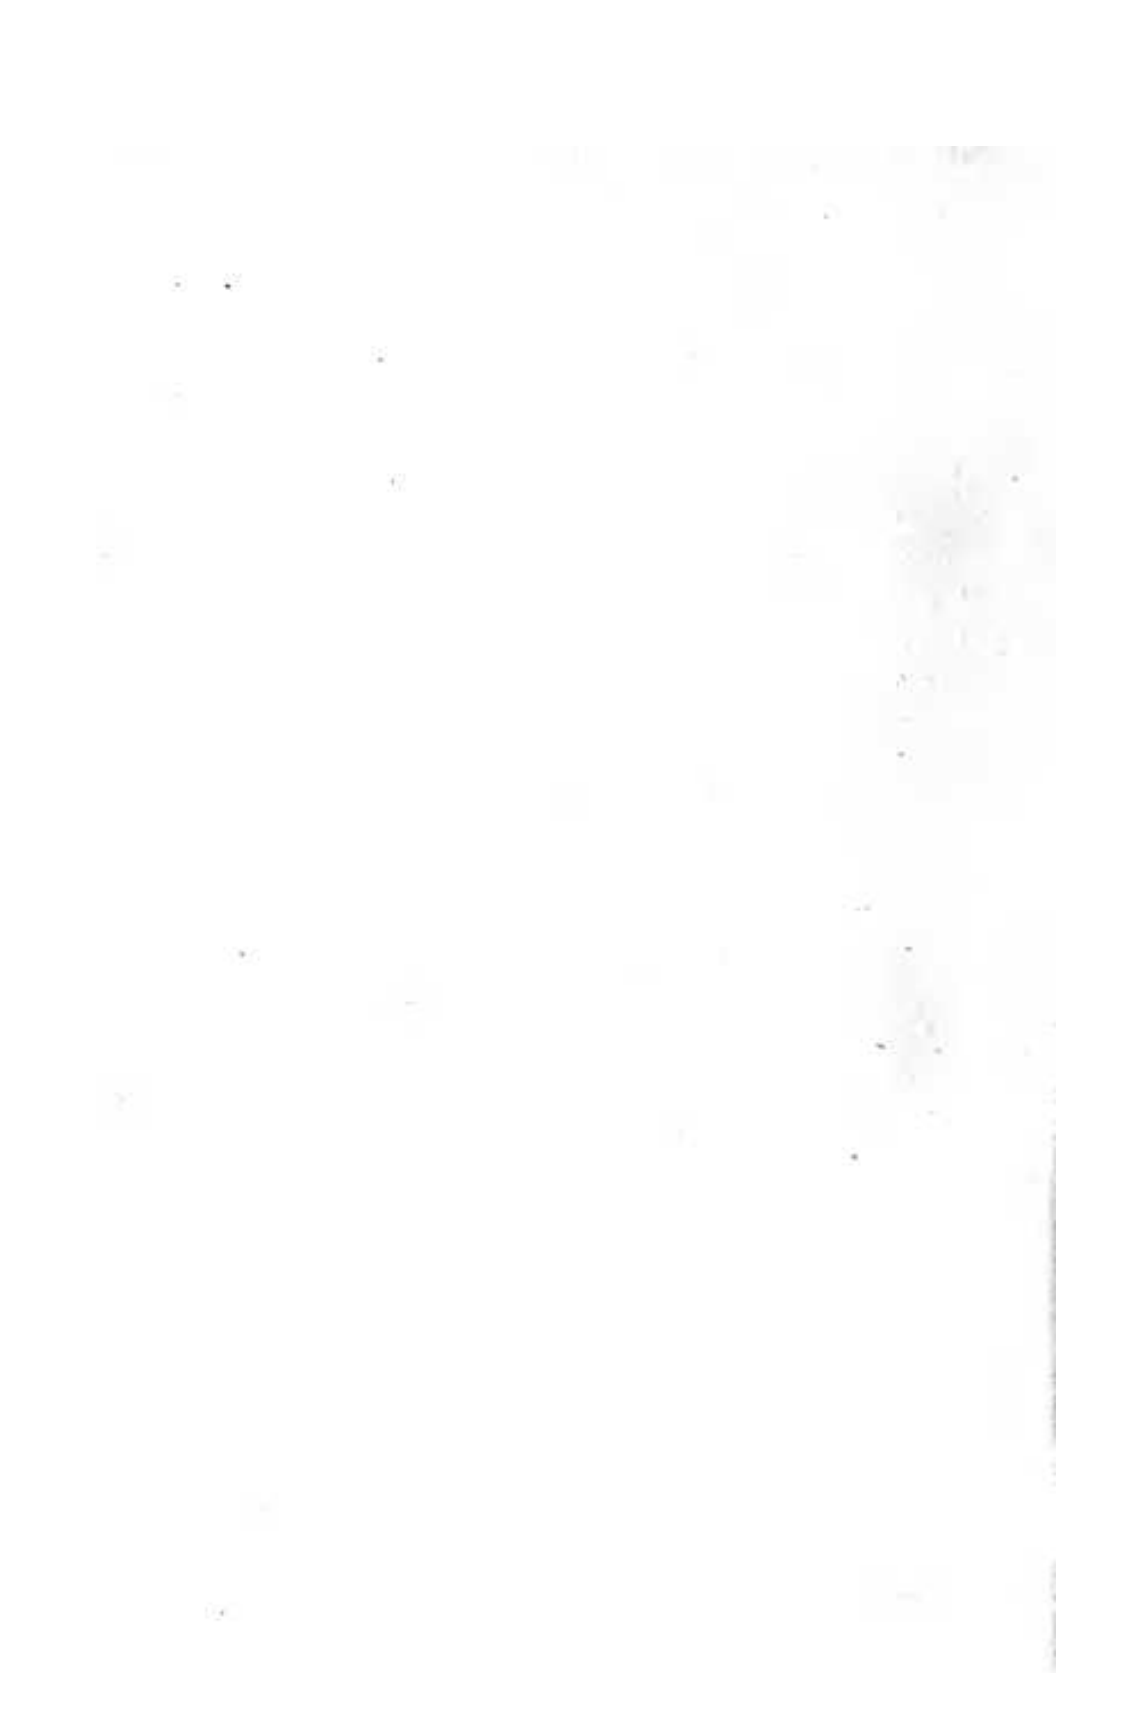

The printing, paper, and binding of this RECORD lay a serious strain on the finances of the Magdalen College Association, and unless this expense can be covered by sales, the M.C.A. can hardly be expected to undertake similar ventures in future.

Finally, I should like to point out that there are still a good many Magdalen men who have not joined the Association. I invite them to join now. The life subscription is only £1.
