TO

MY FELLOW WORKMEN IN CHRIST'S KINGDOM,

FOR WHOSE SAKE

I HAVE STUDIED THE SUBJECT HEREIN

TREATED OF,

I DEDICATE THIS BOOK.

CONTENTS.

CHAPTER I.

INTRODUCTORY.

	PAGE
Importance of the subject	1
And of social matters generally rather than political ones . . .	2
Source from which the materials of the book have been gathered	3
Object aimed at in the plans given	<i>ib.</i>
Question of the cost of cottages considered, and of their value to the employers of labour	5
Bearing of the Poor-laws on the subject	8
How good cottages will repay a landlord	10

CHAPTER II.

ON THE ARRANGEMENT OF THE PLAN OF COTTAGE.

Sections under which the plans are arranged	11
The size of the rooms in the plans given	12
All the plans drawn so as to have but one door to each room. Not meant that this should always be adhered to	13
Sect. 1. Plans of cottages with a living-room and a scullery on the ground-floor, and three upstairs bedrooms. This form of cottage the best understood of any	14

	PAGE
Plans, with the staircase at the side of the front-door	15
The same, but with the fireplace in the wall between the living-room and the scullery	16
Plans, with the staircase opposite the front-door	17
Plan, with a recess at the back and not at the front	19
Plans, with a recess both at the front and at the back	<i>ib.</i>
These plans are improved by making a passage-room of the scullery	20
Sect. 2. Cottages with two bedrooms	22
Sect. 3. Cottages with a parlour and a kitchen	24
Importance of this form of cottage; sufficient attention has not hitherto been paid to it	<i>ib.</i>
Use of this form of cottage in case of a sick inmate	26
Plans within four walls	27
Plans with a lean-to at the back	<i>ib.</i>
Plans with the kitchen in front and the parlour at the back	29
Sect. 4. Plans of pairs of cottages in which the space within is unequally divided between the two	30
Plans with three bedrooms in one and two in the other	<i>ib.</i>
More attention should be paid to this form of cottage	33
Plan of a pair of cottages, one of which has three up-stairs bedrooms, and the other has a parlour, kitchen, and two bedrooms	34

CHAPTER III.

DETAILS OF CONSTRUCTION.

The floor, the damp-course	36
Boarded floors may be laid solid	37
Brick, tile, and plaster floors	38
The walls	<i>ib.</i>

Contents.

ix

	PAGE
Concrete walls	39
Stone-walls—Brick-walls—and Hollow brick-walls	40
Partition walls	43
Walling-tiles	44
Flues	45
May be made of glazed socket-pipes	<i>ib.</i>
Artificial warming and ventilation	<i>ib.</i>
Why chimneys smoke, and the means of prevention	46
Plan of fireplace	47
Window-cills. How to form them of brick and tiles	48
Cement cills; not good	49
Thresholds	<i>ib.</i>
Mode of jointing a wooden door-cill to the threshold	50
Wood bricks, and substitutes for them	51
Windows.—Sash windows	<i>ib.</i>
Sliding casements.—Different modes of fitting the slides	52
Doors	53
The floor over the kitchen sometimes left open without any ceiling	<i>ib.</i>
The roofing.—Ties used for ceiling joists.—Spars	54
Filling in of the sloping part of the bedrooms	55
Roofing materials	<i>ib.</i>
Spouting, and the means of fixing it	<i>ib.</i>
Rain-water tank, and different modes of constructing it	56
Privy, cesspool, and ashpit. Should be apart from the house	57
Defects of systems of drainage	58
Right principle in these matters	59
How to construct the privy and outbuildings in accordance with this principle	<i>ib.</i>
Drain from the scullery sink	60
