PREFACE.

PART of this book has already appeared in the February number of the "Fortnightly Review." I have the editor's kind permission to reproduce it, and have added to it many practical details, such as I sincerely hope will be of some slight assistance to anyone wishing to install the electric light in their house.

The drawings have been made by Mr. Fell from fittings which are in actual practical use.

1, QUEEN'S GATE GARDENS, LONDON, S.W.

March 2, 1891.
