PREFACE

THE greater portion of the contents of this book appeared originally in serial form in the columns of *The Churchman*. The interest in the work manifested by the public, at and since the time of its original publication, has seemed to the author a justification for its appearance in more permanent form. As here printed, the chapters have been carefully revised and somewhat enlarged, and a number of new illustrations have been included.

The thanks of the author are due to *The Churchman* for courtesies and to the Bates and Guild Company for the use of many valuable illustrations not otherwise accessible.
