## PREFACE

THE following notes of travel have reached the Editor's hands from various quarters, and he does not vouch for the literal accuracy of all of them.

Their essential truthfulness is too apparent from their intrinsic probability to need, or be the better for, any extraneous testimony, which indeed he could not offer.

For the same reason he has thought it superfluous, while allowing the several narrators to speak each for himself, to add names and addresses.

*April, 1899.*
