PREFACE

DURING the last two and a half years, I have seen so many new and interesting phases of horse and military life in Russia, that I thought an account of them would interest general readers, as well as those who are acquainted with my more or less technical books on matters connected with horses. As I am the first foreigner who has been permitted to visit the Remount Depôts of the Russian Cavalry Reserve, I venture to hope that my experiences are worth telling.

I am glad to have this opportunity of thanking the Generals Commanding and officers of Liski, Tambof, Kirsanof, Borisoglebsk, and Balakleya for the kind hospitality they showed me while I was staying with them.
