## PREFACE

**T**HE fact that the words trace, trail, and road are often used interchangeably has made it necessary in this index to classify them as follows: all buffalo routes are given here as *traces*, Indian routes as *trails*, and white men's routes as *roads*. To know the history of a given road, therefore, it may be necessary to look for it under both its modern and its ancient name.

Of the extraordinary number of taverns on American pioneer roads a large portion went under the name of the landlord, as, Sampey's Tavern. In the following index these are all given under the landlord's name in the possessive case, as, Sampey's. Unimportant as many of these references are, they are genealogically of moment and must be preserved.
