P R E F A C E.

THIS little work is intended as a guide to those who have to do with horses, either as owners, purchasers, breeders, trainers, managers, or attendants, and whose experience has not been so extensive as those on whose knowledge it is based. There is no pretence whatever to novelty in any of the subjects treated; but it is to be hoped that such absence of novelty will not detract from utility, and that the hints contained in its pages may be found of service, and assist those who are interested in horses and horse management when they require assistance.

CONTENTS.

	PAGE
<i>Preface.</i>	ii
