An argument purporting to show that the second coming of Christ is a firmly established doctrine in the Word of God ; that it receives sanction by the chief actors in the divine revelation ; that this age is to end in insurrection against God, under the direct leadership of the Antichrist, and that this insurrection will be quelled by the personal appearance of Jesus Christ, who, upon defeating the armies of Satan, will institute a new imperial order, which will be characterized by peace and righteousness ; all objectionable social, economic, and religious features removed, and the world dwelling in perfect love, forevermore !
