## PREFACE .

THESE pages contain nothing political, being merely a sketch of personal experiences and impressions. The greater portion is a sketch of what the writer considers as one of the most attractive parts of Cape Colony, which, if it had not been badly handicapped, would have become, and no doubt will in time become, a very popular centre.

The Sketch will no doubt be at variance with other persons' experience in the Colony, but that will be because no two places in the country have the same advantages, or are governed exactly by the same circumstances.
