**THE INTERMEDIATE STATE  
BETWEEN DEATH AND  
JUDGMENT BEING A  
SEQUEL TO ALFRED DEATH**

△ 1898 ed. Dewey

By the same Author.

*Second Edition. Crown 8vo. 6s.*

**THE BISHOPS IN THE TOWER.** A Record of  
Stirring Events affecting the Church and Noncon-  
formists from the Restoration to the Revolution.

*OPINIONS OF THE PRESS.*

"They are admirable. We most heartily commend this delightful volume. It is no mere compilation. It is full of original research and clear and broad grasp of situations; it is written by one with the historical faculty richly developed."—*Literary Churchman.*

"The encouragement of the study of Church history is Dr. Luckock's object; and it will be cheerfully allowed that his lectures are calculated to promote it."—*Spectator.*

"We like this book fully as well as any that Canon Luckock has written. It is an excellent piece of work in point of composition. The author shows a thorough knowledge of the period which he describes, and his views are calm and fair."—*Church Bells.*

"It is very readable, and very pleasantly written."—*Guardian.*

*Fourth Edition. Crown 8vo. Two Vols. 12s.*

*Cheap Edition. One Vol. Crown 8vo. 5s.*

**FOOTPRINTS OF THE SON OF MAN, AS  
TRACED BY ST. MARK.** Being Eighty Portions  
for Private Study, Family Reading, and Instructions in  
Church. With an Introduction by the late Bishop of  
Ely.

*OPINIONS OF THE PRESS.*

"His book is designed 'for private study, family reading, and instructions in church.' For one or all of these three purposes we heartily recommend it. . . . The frequent references to the Talmud and Mishnah, as illustrating the Gospel record, form a peculiarly valuable feature of the book."—*Church Quarterly Review.*

"We will undertake to say that there is not a church in England in which the congregation would not be greatly benefited and advanced in religious knowledge by listening to these addresses."—*Guardian.*

JAN 14 1994

BY THE SAME AUTHOR.

Seventh Edition. Crown 8vo. 6s.

AFTER DEATH: An Examination of the Testimony of  
Primitive Times respecting the State of the Faithful  
Dead, and their Relationship to the Living.

CONTENTS.

PART I.

*The State of the Faithful Dead and the Good Offices of the Living in their Behalf: The Test of Catholicity—Value of the Testimony of the Primitive Fathers—The Intermediate State—Change in the Intermediate State—Prayers for the Dead: Reasons for our Lord's Silence on the Subject—Testimony of Holy Scripture—Testimony of the Catacombs—Testimony of the Early Fathers—Testimony of the Primitive Liturgies—Prayers for the Pardon of Sins of Infirmity and the Effacement of Sinful Stains—Inefficacy of Prayer for those who died in wilful unrepented sin.*

PART II.

*The Good Offices of the Faithful Dead in Behalf of the Living: Primitive Testimony to the Intercession of the Saints—Primitive Testimony to the Invocation of the Saints—Trustworthiness of the Patristic Evidence for Invocation tested—The Primitive Liturgies and the Roman Catacombs—Patristic Opinion on the extent of the Knowledge possessed by the Saints—Testimony of Holy Scripture upon the same Subject—Beatific Vision not yet attained by any of the Saints—Conclusions drawn from the foregoing Testimony.*

SUPPLEMENTARY CHAPTERS.

Is a fuller recognition of the Practice of praying for the Dead desirable or not

Is it lawful or desirable to practise the Invocation of Saints in any form or not

### OPINIONS OF THE PRESS.

"Dr. Luckcock has undertaken in this volume to deal with three questions about which Western Christendom has been much agitated, and about which, while much misunderstanding and prejudice attend them, wrong conclusions are dangerous. . . . It is a piece of good service, and one of good omen for the future of theology, when they are discussed, as they are in Dr. Luckcock's book, with sober, calm candour and fairness, on their merits, and on the evidence applicable to them; and when a divine, not identified, as far as we know, with any party or school of theology, has the boldness—for there is some boldness in it—to give his conclusions on the evidence alone. . . . It is to be hoped that this comprehensive and scholarlike book may contribute to a more intelligent and accurate treatment of these subjects."—*Guardian*.

"This most valuable book, which, as the title-page tells us, is 'an examination of the testimony of primitive times respecting the state of the faithful dead, and their relationship to the living,' will be found of the greatest help to all those who desire clearly to understand and appreciate what has ever been the doctrine of the Church Universal, and our own special branch thereof, concerning this matter, which must inevitably touch the hearts of all so closely. It would be difficult to find a book on so weighty a subject more clearly arranged and written, so as to make its purpose plain, and easy to be grasped by any thoughtful reader. . . . Few more helpful 'standbys,' to use an old word, in these troublous times, will be found than Dr. Luckcock's own book, and we hope it will find its way into every parish, and be duly read and valued."—*Church Times*.

"The life of the dead, the state of the departed, is a very deep and important matter; and as mistakes and heresies on this subject are very common and very numerous, it is very needful heedfully to use for our guide whatever can be gathered concerning it from Holy Scripture and the primitive Church. For all who desire to investigate this question, no better guide could be found than this work before us of Dr. Luckcock. Calm, lucid, and convincing, it leaves nothing to be desired as far as it goes; and it leaves no important part of the subject unexamined."—*Literary Churchman*.

"Dr. Luckcock has done good service to the Church by his very temperate and candid treatment of the subject, and we hail with pleasure the appearance of his volume."—*Church Quarterly Review*.

"This book is exquisitely printed, and the subject is such that it will be read with avidity. The inscriptions in the catacombs are treated quite fully, and in fact it is a review of almost all existing literature on a subject that is attracting great attention among all devout people."—*Church Eclectic (U.S.A.)*.

"A learned treatise on the testimony of primitive times respecting the state of the faithful dead."—*Westminster Review*.

"In the moderation of its tone, and the reverent spirit which pervades it, the writer has furnished an example of the way in which such solemn themes ought at all times to be handled."—*John Bull*.

*Third Edition. Crown 8vo. 6s.*

**STUDIES IN THE HISTORY OF THE BOOK  
OF COMMON PRAYER.** The Anglican Reform  
—The Puritan Innovations—The Elizabethan Reaction  
—The Caroline Settlement. With Appendices.

"We heartily commend this very interesting and very readable book."  
—*Guardian*.

"This able and helpful book—recommending it emphatically to all educated members of the entire Anglican community."—*Church Quarterly Review*.

"Dr. Luckcock's compact and clearly arranged volume is a valuable contribution to liturgical history, which will prove interesting to all readers and almost indispensable to the theological student who has to master the history and rationale of the Book of Common Prayer."—*Notes and Queries*.

*Second Edition. Crown 8vo. 6s.*

**THE DIVINE LITURGY.** Being the Office for Holy  
Communion, historically, doctrinally, and devotionally  
set forth, in fifty portions.

*OPINIONS OF THE PRESS.*

"Dr. Luckcock's style is too well known to need any praise, and his long experience as a teacher is a sufficient guarantee for the matter of this work. In these fifty readings he has provided a commentary on the Holy Communion Office, which will be found both useful and attractive. The book is designed either for public reading in church or to provide material for the preparation of sermons or lessons. With this purpose Dr. Luckcock comments on the rubrics, and the prayers, and other parts of the office, and also remarks on all kinds of questions connected with the office—non-communicating attendance, evening Communion, the mixed chalice, etc. The instructions are historical, doctrinal, and devotional. The devotional part delicately suggests the right use of each portion of the service, while the historical describes, where possible, its origin and its relations. A word of special praise must be given to the doctrinal portion of the instructions, which has been written with the balance and caution which mark a theologian, the sacrificial aspect of the Holy Eucharist being set forth with peculiar clearness."—*Guardian*.

"We shall best describe this useful book by saying that it is popular and practical. . . . Its contents are put in a usable form, so that the parish priest who wishes to lecture to his Bible-classes, and has little time to put his material into shape, will find the work here done to his hand. 'It is designed,' says the author, 'as well as for public reading, to afford material for teaching in a weekly class for a year; and if it is so used I can have little doubt that by the end of that time the thirst for further knowledge on such an absorbing subject, and the determination to satisfy it, will have grown so strong that there will be little danger of the instructions coming to a premature end.' . . . It is needless to say that the book, from beginning to end, gives evidence of ample learning in its subject."—*Church Bell*.
