AMERICAN-JAPANESE RELATIONS

An Inside View of Japan's Policies and Purposes.
Net \$2.00.

"Mr. Kawakami treats of these questions with vigor, clearness and judicial breadth of view. . . . The book is the ablest and most exhaustive on the theme. . . . The author threshes out facts concerning Japanese immigration, coming to the same conclusion that scientific inquirers, the best business men and the statesmen, whose eyes are not on votes, have long held. . . . Mr. Kawakami's arguments are sound because based on everlasting righteousness and common sense."—*New York Times*.

ASIA AT THE DOOR

A Study of the Japanese Question in Continental United States, Hawaii and Canada. Net \$1.50.

With a Prologue by Doremus Scudder and an Epilogue by Hamilton W. Mabie.

In this new book the author gives a graphical account of Japanese life in contact with Caucasian, as well as vivid descriptions of his personal experiences and observations thus injecting intense human interest into a serious discussion of a vital problem confronting the Occident in general, and in particular the American people. He presents his facts in a lucid, fascinating style. In a sense the book is an interpretation of the Orient to the Occident, and a plea for the fraternity of the races and for international peace based upon justice and humanity.

ACKNOWLEDGMENT

Acknowledgment is due to the editors of *The Forum*, *The American Citizen*, and *The Canadian Magazine*, for permission to incorporate in this volume the articles contributed to those publications. I am also indebted to *The Outlook* for permission to use as an epilogue to this book Mr. Hamilton W. Mabie's article on "America and the Far East," appearing in its issue of August 2, 1913.

It gives me great pleasure to state that the encouragement and co-operation of my friend, Mr. Frank Putnam, of the *St. Louis Post-Dispatch*, as well as the sympathy of my wife for the cause for which I am labouring, has been largely responsible for the preparation of this humble book.
